Keep in touch with old boys of your time through this network

We are trying to rope-in as many 'old boys' as possible who studied through this school. Britto's, a school based in Mapusa (aka Mapsa, Mhapusa, Mapuca etc) in North Goa, India, has an active alumni network. Through cyberspace, we intend to keep this network live and kicking. As of mid 2006, meetings of the old boys are being held in the school which completed 60 years. One of our 'old boys' is now father provincial Tony D'Silva sj.
